

Elements Primary School

1st February 2019

Dear Parents,

This week at Elements we have had lots of visitors for all sorts of reasons. We have been visited by potential teachers who are interested in working with us in the future. We have had the school nurse team in school. We have had contractors in school who have been making sure our heating and lighting is working properly. We have also had colleagues from other schools who wanted to come and see how wonderful our school is.

Without fail every visitor commented on the conduct, behaviour and manners of our children. They were all extremely keen to share how impressed they were with them all. You can imagine how proud this makes us although they didn't tell us anything we didn't already know. Our children are amazing!!

#schooleveryday

As you will be aware the weather took a cold turn this week and we saw the first flutters of snow. Please be aware we will always endeavour to keep school open even if there is a heavy snowfall. We will text, email and update the Leeds City Council website if there is a change to school opening. If there is nothing posted on these platforms then please assume we are open.

In order for our children to enjoy the snow, if it does come, please ensure they have a spare set of clothes in school. We will play out in the snow but this could result in items of clothing getting wet. If children don't have a change they may have to stay in.

Thank you.

We need to finish our WOW week projects. If you have any empty milk cartons please do still let us have them!

School Uniform

Has your child had an accident at school?

Have we lent them any items of clothing as a result?

Please could you return any items that have been borrowed as we now have nothing left in school despite replacing them twice already.

We do not want our children to feel uncomfortable in school should they have an accident and it is important they are able to stay clean and dry.

We are very happy to support our children by lending them school items of clothing but we do need them to be returned.

If you are not sure which items belong to school just check the label. Elements will be written on there if they belong to us.

Thank you so much for your cooperation with this.

DATES TO REMEMBER

7th February - 9am/5.30pm Parent's MATHS workshop

15th February - School closes for half term

Reading with your child

As you know reading with your child at home is extremely important in helping them develop as a fluent readers.

Children need to be heard read every night, even if it is only for a few minutes.

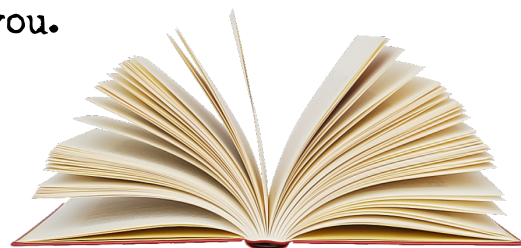

If you do hear your child read then please do record what

they have read and how they read so we can ensure they move on in school.

We appreciate your support with this. Please do not underestimate the impact of this extra practise on your child's reading.

Please support them by hearing them read every day.

Thank you.

Parent's Maths Workshop

We will be holding another workshop this week for you to come and find out about our approach to Maths and what your children are learning. We will be holding two sessions on Thursday 7th February. One at 9am and this will be repeated at 5.30pm

Please do come along and find out more about what your children are learning in school.

Stars of the Week!
