

# Elements Primary School

Friday 28th February 2020

Dear Parents,

Even though it isn't quite March yet we are already looking towards September. We have had lots of adverts for new staff to join our school and as a result many potential candidates have visited. It has been lovely to meet so many people who are keen to be part of the Elements journey.

We are still awaiting notification of when we can move into our new building. However, we are led to believe the matters outstanding are due to be brought to a close in the next week or so. This means we will hopefully be able to move during the next holiday although we do not yet have confirmation of this. We will, as ever, keep you informed.

I want to take this opportunity to thank you all for your patience with regards to our site. During this weeks poor weather it has been particularly messy and wet. The children and staff have coped tremendously well and have been, as ever, a credit to our school.

Please note changes to choir and to access to school mentioned in this newsletter below.

## World Book Day 2020

This year for World Book Day we are all following the theme of 'Where's Wally'. We are therefore inviting the children and staff to all come on Thursday 5th March dressed as either Wally or Wilma if they would like to.

This is an easily sourced outfit. It can obviously be purchased but alternatively it can be easily made from a pair of blue jeans and a white t-shirt with red stripes drawn on!

We are looking forward to a fun filled day.

Any questions please contact school.

## Access to school

We have been notified that from Monday 2nd March the bottom of Acre Mount will be closed to traffic. If you need to access school by car please do this via Acre Crescent. This change to access will limit movement of cars in and out of school so please park on Thorpe Road and walk into school unless absolutely necessary.

Pedestrian access will still be open from the bottom of Acre Mount.

# **CORONAVIRUS: PUBLIC INFORMATION**

The Government and NHS are well prepared to deal with this virus.

You can help too.

Germs can live on some surfaces for hours.

To protect yourself and others:

- Always carry tissues with you and use them to catch your cough or sneeze.
- Bin the tissue, and to kill the germs, wash your hands with soap and water, or use a sanitiser gel.
- If you have arrived back from China within 14 days follow the specific advice for returning travellers.

This is the best way to slow the spread of almost any germs, including Coronavirus.
