

ELEMENTS PRIMARY SCHOOL

Creative • Unique • Innovative

As an exceptionally busy half term draws to a close, I wanted to extend my warmest thanks and gratitude to the care and nurture, which has been extended to the team this half term. Please be assured every single person in our school is working tremendously hard for your young person to ensure we are the best we can be.

Spring is always considered the “working term” – a term whereby we really focus upon high quality teaching and learning and the true acceleration of progress for our young people. Our staff continue to go over and beyond every single day for our young people alongside our community hubs, which continue to flourish.

Please do share far and wide how wonderful our provisions are – we still have places in most year groups and our aim is to ensure our schools are full to capacity. We are nearly there!

Have a wonderful half term

Miss Green

Parents evening slots are now open on Arbor.
Please log on and book a slot with your child's class teacher.

Important Information

Homework Heroes

The winners from our Festive Homework competition are now the founding members of our Super Seven Homework Heroes! These children are the special homework representatives for their year group for our new weekly competition. Each week the class with the highest percentage of children to have completed their homework, whether that be home reading for Reception or SATs revision for Year 6, will win a reward decided by their class. Any member of the school who shows an outstanding dedication to homework may also be awarded a Homework Heroes badge.

ONLINE SAFETY

Top tips for talking to children about staying safe online

1. Start with the positives

Being online can be a great way for children to learn, be creative, and stay connected with friends and family. Recognising these benefits helps keep conversations balanced and encourages confident, safe use of technology.

2. Find the right time and place

Choose a calm moment to talk, such as during a walk, car journey, or shared activity. Avoid starting the conversation when emotions are high or during a disagreement.

3. Use child-facing resources and advice

Support your conversation with age-appropriate tools, videos, or guides. These can help children understand key messages and make the discussion more engaging and relevant to their stage of development.

4. Ask about their experiences

Use open questions like:

'Have you seen anything online that made you uncomfortable?'

'Who do you chat with online?'

'Are they people you know offline?'

'How do you feel when using certain apps or games?'

5. Make it part of everyday life

These chats don't need to be formal or one-off. Regular, relaxed conversations help children feel supported and more likely to speak up if something worries them
