Pupil Premium: planning to overcome barriers to learning at Elements Primary School

September 2019 – September 2020

What are the most effective ways to support disadvantaged pupils' achievement? NFER research into effective practice identifies 7 key features of provision:

- 1. Whole school ethos of attainment for all:** Schools have an ethos of high attainment for all pupils and avoid stereo-typing disadvantaged pupils as all facing similar barriers or having less potential to succeed.
- 2. Addressing behaviour:** schools ensure effective behaviour strategies are in place, respond quickly to poor attendance and provide strong social and emotional support including working with families.
- 3. High quality teaching for all:** Schools emphasise “quality teaching first” and provide consistently high standards by setting expectations, monitoring performance and sharing best practice.
- 4. Meeting individual learning needs:** Staff identify each pupil’s challenges and interests. They seek the best strategies to help each pupil make the next step in his or her learning. Schools provide individual support for specific learning needs and group support for pupils with similar needs.
- 5. Deploying staff effectively:** Schools devolve responsibility to frontline staff, use their best teachers to work with pupils who need the most support and training teaching assistants to support pupils’ learning.
- 6. Data driven and responding to evidence:** Teachers use data to identify pupils’ needs, review progress every few weeks and address underperformance quickly. They have manageable Assessment for Learning systems, which provide clear feedback for pupils. Schools use evidence to make decisions about their support strategies.
- 7. Clear, responsive leadership:** Senior leaders set ever higher aspirations and lead by example. They hold all staff accountable for raising attainment, rather than accepting low aspirations and variable performance. They share their thinking and invest in staff training.

<u>What are our pupils' internal and External barriers to learning?</u>	<u>What are the intended outcomes of our action plan?</u>
<ul style="list-style-type: none"> ● Vulnerable families with emotional and social needs ● Vulnerable families lacking engagement with education ● Potential low attendance that impacts negatively on learning ● Lack of <i>cultural capital</i> and experience impeding ability to contextualise learning ● Low baseline pupils on entry to YR ● Underachievement due to lack of engagement with education ● Speech and language delay ● Some pupil with developmental delay ● Behaviour that impedes learning 	<ul style="list-style-type: none"> A. % of pupils achieving ARE in reading, writing and maths match national expectations B. PP tracking is robust and is used to inform subsequent provision C. Support is provided for families' and pupil's social, emotional and health needs D. Pupils' attendance is improved and no longer limits access to learning E. More able pupils are achieving at high levels F. Underachieving pupils are closing the gap with their peers: progress for PP closing the gap on national other G. Low baseline pupils are school ready in the summer term H. Pupils are provided with access to a wide range of experiences that enhance their knowledge and understanding of the world and support learning across the curriculum particularly in literacy and mathematics I. Specific gifts and talents are identified and encouraged; engagement with learning is improved
